

Laydown Areas

During the NIRB Technical meetings for the Water FEIS Amendment (held January 11 and 12, 2021), the Nunavut Impact Review Board and the Baker Lake Hunter's and Trappers Organization requested information on the laydown areas and was recorded as commitment 11:

- Agnico Eagle will provide the locations of the laydown areas and estimated dates when these will be put in place in accordance to the KivIA production lease.

This commitment is fulfilled through the attached map which has identified laydown areas and the construction dates for each laydown area.
