20/02/2024 Inunnguiniq-Ilitaqsiniq Partnership Update	Purpose: This meeting aimed to discuss the potential funding opportunities through Infrastructure Canada, establish a timeline for finalizing the project concept (with a target of	Nunavut	Meeting	Ilitaqsiniq		Teleconference
	(33), and seek input from litiagainiq on the management of the Baker Lake Cabin project in collaboration with the Regional Tourism and Hospitality Council (RTMQ). Outcome: Unfortunately, the funding application to Infrastructure Canada was denied. The next step in the project requires the development of an engineering design and a cost evaluation of the Ilitagainiq hub. This phase is estimated to cost approximately \$300,000, which exceeds Ilitaqsiniq's current budget. Therefore, Ilitaqsiniq has proposed utilizing funds from the Inunnguiniq program for this crucial step.					
	To Do:					
	- liftagsiniq will submit the business case outlining the costs associated with the engineering design and cost evaluation. - Agnico Eagle will levaluate its potential contribution and collaboration options for the subsequent project phases. - Agnico Eagle will keep liftagsiniq informed of potential training opportunities related to the cabin project offered by RTMQ. - A recurring meeting schedule will be established to ensure ongoing communication and collaboration between Agnico Eagle and liftagsiniq					
22/02/2024 The First Book Club Project Introductory Meeeting	Context: The primary mission of the "The First Book Canada" or "FBC" is to democratize access to reading by providing free new books to all youth across Canada, ensuring that every child has the opportunity to experience the joy and benefits of reading. Purpose:	Nunavut	Meeting	First Book Canada		Teleconference
	This meeting aimed to explain FBC's core mission and explore potential avenues for collaboration with Agnico Eagle in supporting their efforts to increase access to books for youth in Nunavut. Outcome:

14/02/2024 Rankin Cultural Foundations Training - Elders	Purpose: The primary objective of this session was to provide a platform for Elders to share their valuable life experiences and cultural knowledge with participants of the Cultural Foundations Training program. Elders were encouraged to share their stories about growing up in Rankin Inlet, offering unique insights into the community's history and evolution.		Meeting	Elders - Rankin Inlet Kivalliq Elders Advisory Committee	Rankin Inlet, NU, CA (City)	
	Outcome: The Elders generously shared their wisdom with the training participants, answering their questions thoughtfully. Their narratives encompassed a wide range of topics, including life before the arrival of the Nickel Mine, the profound impact of colonization and integration on their lives, and their experiences working at the Nickel Mine. They shared captivating tales of traditional hunting and fishing practices, gathering eggs and berries from the land, and even the art of igloo building. The Elders also discussed significant historical events such as the Land Treaty Agreement, the advancements of technology, the challenges of living through the COVID-19 pandemic, and their perspectives on the proposed Meliadine Mine extension.					
28/02/2024 Kivalliq Wildlife board - Community based monitoring	The general consensus among the Elders was that their overall experience as neighbors of Agnico Eagle has been generally positive. They expressed appreciation for the jobs and economic opportunities created by the mine, recognizing the positive impact these opportunities have had on their families and future generations. The Elders also expressed a positive outlook towards the next proposal for the Mediadine Mine extension. Purpose: The objective of this meeting was to provide regulatory context, specifically pertaining to PCT&C 133, engage in a general discussion about the program, and address key questions regarding program design and implementation. These questions included:		Meeting	Kivalliq Wildlife Board	Rankin Inlet, NU, CA (City)	
	Who should be involved in the program design? Who should be involved in the initial implementation? Who within the community could potentially provide ongoing support to the program?					
	Outcome: The presentation was reviewed by all participants.					
	AEM committed to conducting consultations with relevant stakeholders to inform the program design and implementation process. KWB (Kuujijuaraapik Wildlife Board) expressed a preference to review a conceptual design before formally engaging in the program development.					
	Recognizing the busy summer season for community members, including hunting, fishing, and berry picking activities, it was suggested that consultations be conducted during the fall months of October and November.					
29/02/2024 Update on Daycare funding	Finally, it was recommended that the program name be changed from "shellfish" to "Uviluq" (mussels) to better reflect the specific focus of the program. Purpose: This meeting aimed to discuss the progress, funding opportunities, and identified needs related to the construction of the new daycare facility with Amil Tootoo.	Nunavut	Meeting	Ami Tootoo		Teleconference Teleconference
	Outcome: The meeting revealed that the funding application submitted to infrastructure Canada was unfortunately denied. In light of this setback, the next steps will involve assessing the feasibility of commencing construction with the currently available funding. Furthermore, Ami Tootoo committed to providing Agnico Eagle with a list of their sea-can space requirements for the upcoming 2024 barges.					
04/03/2024 Kivalliq Wildlife Board Meeting on Fisheries Study Overview for Kivalli Projects	q Purpose: This meeting aimed to provide an overview of the fisheries studies planned for Kivalliq projects, which require a scientific fishing license from Fisheries and Oceans Canada (DFO).	Meliadine	Teleconference	Kivalliq Wildlife Board		
	Outcome: Agnico Eagle successfully submitted additional documentation to the Kuujjuaraapik Wildlife Board (KWB) as requested. The presentation covered the following key topics:

05/03/2024 Meeting with Rankin Inlet HTO		Meliadine	Meeting	Kangiqtiniq Hunters and Trappers Organizations	Rankin Inlet, NU, CA (City)	
	This meeting aimed to discuss the proposed location for a new cabin, review the recent Nunavut Impact Review Board (NIRB) decision and outline the next steps for obtaining the water license, including the provision of a map to the HIO. Additionally, the meeting sought to confirm the date resulting resentation and discuss the licensing requirements for scientific fishing purposes (LFSP) related to the waterline project. Finally, the meeting explored the feasibility of constructing a boat launch versus a Diane River bridge. Outcome:					
	The HTO committed to sending a proposed location for the cabin to AEM by Friday, March 8th. AEM agreed to inform HTO as soon as the dates for the technical meetings related to the water license are provided by the Nunavut Water Board (NWB). A one-page summary of the LESP will be emailed to HTO along with the previous year's letter of support from the KHTO. The HTO manager will attend the Hamlet Council meeting on March 25th to present the Sealift update. The HTO board members will discuss the bridge options and provide feedback to AEM at a later date.
