2024-01-31	Meadowbank Coffee and Chat	A "Coffee and Chat" event for the Meadowbank Complex in Baker Lake, Nunavut, was held in January 2024. This event followed two previous cancellations and was a collaborative effort between Community Relations and Operations departments. The last Coffee and Chat in Baker Lake occurred in April 2023. Purpose: The goal of the Coffee and Chat is to: - Enhance Community Presence & Accessibility - To be readily available in the community to listen to and address the questions, concerns, and suggestions of Baker Lake residents. - Foster Open Dialogue: To engage in transparent, open, and honest discussions with community members. Gather Community Perspectives: To actively listen and learn about the thoughts, opinions, and concerns of community members. Understand Community Sentiment: To gain valuable insights into the current sentiments and perspectives of the community. The event successfully addressed questions and comments from community members on a range of topics, including: Operational Update: Current operational activities and updates from the Meadowbank Complex. AWAR Security: Information and updates regarding AWAR security protocols. Exploration Summary and 2024 Plans: A summary of 2023 exploration activities and an overview of planned exploration activities for 2024. Mining Life Cycle: An explanation of the various stages of the mining life cycle. Sanajiksanut Update: Updates and information related to the Sanajiksanut project. A commitment was made to follow up with individual community members on any unanswered questions.	Meadowbank	Event	Baker Lake Community	Baker Lake, NU, CA (City)		
2024-01-31	KEAC - Participation to Baker Lake Coffee and Chat	Purpose: The primary objective of the Coffee and Chat is to foster open and honest dialogue with community members. This includes being present in the community and accessible to listen to and address their questions, concerns, and suggestions. The goal is to engage in transparent and open discussions, while also actively listening and learning about the thoughts, opinions, and concerns of community members. Ultimately, the Coffee and Chat aims to understand the pulse of the community and gain valuable insights into their perspectives. Outcome: The Coffee and Chat successfully addressed questions and comments from community members on a range of topics, including operational updates, AWAR Security, exploration plans for 2024, the mining life cycle, and the Sanajiksanut Update. Unanswered questions were addressed individually following the event.	Meadowbank	Event	Kivalliq Elders Advisory Committee	Baker Lake, NU, CA (City)

2024-02-20	Inunguiniq/Iltaqsiq Partnership Update	Purpose: This meeting aimed to discuss the potential funding opportunities through Infrastructure Canada, establish a timeline for finalizing the project concept (with a target of Q3), and seek input from Iltaqsiq on the management of the Baker Lake Cabin project in collaboration with the Regional Tourism and Hospitality Council (RTMQ). Outcome: Unfortunately, the funding application to Infrastructure Canada was denied. The next step in the project requires the development of an engineering design and a cost evaluation of the Iltaqsiq hub. This phase is estimated to cost approximately \$300,000, which exceeds Iltaqsiq's current budget. Therefore, Iltaqsiq has proposed utilizing funds from the Inunguiniq program for this crucial step. To Do: - Iltaqsiq will submit the business case outlining the costs associated with the engineering design and cost evaluation. - Agnico Eagle will evaluate its potential contribution and collaboration options for the subsequent project phases. - Agnico Eagle will keep Iltaqsiq informed of potential training opportunities related to the cabin project offered by RTMQ. - A recurring meeting schedule will be established to ensure ongoing communication and collaboration between Agnico Eagle and Iltaqsiq	Nunavut	Meeting	Iltaqsiq		Teleconference

2024-09-08	Meadowbank HTO and Elders Site Visit, Spawning Pad Presentation and Environmental Closure Consultation	<p>Purpose: Host site visit for the Baker Lake HTO and Baker Lake members of the Kivalliq Elders Advisory Committee, consult on environmental closure topics (tailings, water management), provide an exploration update, and present the Spawning Pad project.</p> <p>Outcome:</p> <ul style="list-style-type: none"> Exploration team provided update on recent regional exploration. Environment team did a presentation about Spawning Pads. The group expressed desire to keep the road after closure, so we let them know they needed to speak with their representatives about this topic (KIA, Hamlet, GN, NTL, etc.) The group had questions about the water quality and fish in the environment post-closure, indicating that since the water flows downstream towards Baker Lake, they are concerned that drinking water could be affected, we reassured them that monitoring would be ongoing throughout closure and post-closure. After the visit and exploration presentation, the group indicated they have concerns with the future of their children, grandchildren and community after closure. They said they are supportive of any exploration in the area to secure a possible future extension to ensure no starvation for the community. 2024-09-09	Meadowbank Hamlet and MLA Site Visit and Environmental Closure Consultation	<p>Purpose: Host site visit for the Hamlet and MLA at Meadowbank, consult council on environmental closure topics (tailings, water management) and provide an exploration update.</p> <p>Outcome:</p> <ul style="list-style-type: none"> Received positive feedback for the site visit, with thank you messages via email. Exploration team provided update on recent regional exploration. Discussion about the road: that community members expressed desire to keep the road after closure, so we let them know they needed to speak with their representatives about this topic (KIA, Hamlet, GN, NTL, etc.). Hamlet members present and MLA Craig Simalak discussed which groups they need to speak with (GN, KIA, HTO, Feds, NTL, etc.) for support to keep the road. The group expressed concerns for the future of the community, their children and grandchildren. During the environmental consultation, concerns were raised about employment throughout closure. We discussed the HR Transition Plan and informed them we will be conducting socio-economic consultations. Guests expressed interest in other site visits in future, including Amaruq even if the day ends up being longer than 12 hours (due to bus ride). 	Meadowbank	Consultation	Hamlet of Baker Lake Kevin Iksiktaaryuk - Hamlet of Baker Lake (Mayor) MLA - Baker Lake	Meadowbank (Sublocality)		Grace Tagoona shared anecdote that apparently, Inukshuks that look like a person, human form, (actually called inunnuat or inunnuaq) shows there was death here. Can bring bad luck. Igloodik for example airport had some in human shape then there was deaths in area and elders asked to remove them. Noted that there are Inukshuks that have the human form at meadowbank.
