Re: Meadowbank Agnico Eagle Mines Limited Meadowbank Complex Terrestrial Ecosystem Management Plan, Version 9

Hello Eric,

The Government of Nunavut, Department of Environment, pursuant to its membership in the Meadowbank and Whale Tail (Project) Terrestrial Advisory Group, has reviewed Agnico Eagle Mines Limited's Meadowbank Complex Terrestrial Ecosystem Management Plan Version 9.

We appreciate the improvements that have been made to this document through collaboration with the Terrestrial Advisory Group. The Government of Nunavut will continue to participate in the Terrestrial Advisory Group to further improve the mitigation and monitoring of the Project and minimize project-related impacts on the environment.

Qujannamiik,

Michele LeBlanc-Havard

Director Environmental Protection, Chief Environmental Protection Officer

Rankin Inlet

Ubdital Whale Cove The Kivalliq Inuit Association acknowledges and thanks Agnico Eagle Mines Ltd for their collaborative approach and incorporation of Inuit values and knowledge to prepare the Terrestrial Environmental Management Plan (TEMP) version 9.0 (February 2025) for the Meadowbank and Whale Tail mines. The Kivalliq Inuit Association also appreciates the input of all the Terrestrial Advisory Group members for sharing their knowledge and experience in

preparing the TEMP vs 9.0.

The Kivallig Inuit Association approves the TEMP vs 9.0 and requests that Agnico Eagle provide to the Nunavut Impact Review Board to ensure that the TEMP 9.0 is in place prior to the 2025 spring migration. The Kivalliq Inuit Association looks forward to continue cooperating with Agnico Eagle and the other TAG members in assessing the effectiveness of monitoring and avoid

or minimizing any environmental impacts.

Thank ∕⁄⁄ou,
